Subject: Independent Investigations Office -- contract work

Hi David,

Thanks for your congratulations—much appreciated.

You're right that the ministry has contracted with Russ Nash and Dick Bent to make recommendations on a strategic and operational framework for the IIO. They'll use their expertise in major crimes and case management to outline options and make recommendations for the IIO's civilian director, who I'm sure you've heard we're in the process of recruiting. Their hourly rate is \$63.86 to a maximum of \$70,000 each, including expenses (a maximum of \$58K in fees and a maximum of \$12K in expenses). The contract is for six months.

Regards,

David

Deputy Attorney General Loukidelis:

Congratulations on your (not so recent) appointment to Deputy AG. I'm writing to inquire about developments in relation to the new IIO.

I understand that Russ Nash and Dick Bent have been hired in some kind of advisory capacity in relation to the IIO. Can you confirm this contract, and can you please advise our office of the value of the contract?

Thanks in advance for your time.

Yours truly,
David Eby
