REFUSAL OF PERMISSION TO USE AND DISCLOSE MY PERSONAL INFORMATION

I do not consent to be filmed or for my personal information to be used in the "Border Security" television show.

I hereby state explicitly (please CHECKMARK any or all that apply to you):

(If you have been to the border and do not know whether or not you were filmed an/or appear as a background image)

I DO NOT CONSENT to Canada Border Services Agency, BST Media Inc., BST Media 2, Force Four Entertainment, Shaw, the National Geographic Channel or any other related entity, including but not limited to contractors, subcontractors, employees, government or private entities, **collecting, using or disclosing my personal information, data or images** in any form or format, in part or in full, modified or unmodified, **for any purpose connected with the filming, making or broadcast of a television series** or any other similar activity, in any and all markets.

(If you were filmed at the border)

I have been to the border and believe that I was filmed for the purpose of making a television series or a similar activity, and/or I appeared in some form in an episode of "Border Security" or in promotions for that television series. **I REVOKE MY CONSENT** for Canada Border Services Agency, BST Media Inc., BST Media 2, Force Four Entertainment, Shaw, the National Geographic Channel or any other related entity, including but not limited to contractors, subcontractors, employees, government or private entities, **for the past, present or future collection, use or disclosure of my personal information, data or images** in any form or format, in part or in full, modified or unmodified, **for any purpose connected with the filming, making or broadcast of a television series** or any other similar activity, in any and all markets.

(If you intend to cross the border in the future)

I intend to cross the border in the future, and **I DO NOT CONSENT** to Canada Border Services Agency, BST Media Inc., BST Media 2, Force Four Entertainment, Shaw, the National Geographic Channel or any other related entity, including but not limited to contractors, subcontractors, employees, government or private entities **collecting, using or disclosing my personal information, data or images** in any form or format, in part or in full, modified or unmodified, **for any purpose connected with the filming, making or broadcast of a television series** or any other similar activity, in any and all markets, in respect to all my future border crossings.

(PLEASE READ AND SIGN ON PAGE 2)

I am aware that the Canada Border Services Agency is collaborating with private companies, including BST Media Inc., BST Media 2, Force Four Entertainment, Shaw, the National Geographic Channel, and potentially others, to make a television show called "Border Security".

I am aware that at certain border crossings, signs are currently posted which tell travelers:

"Please be advised that BST Media 2 Inc. is filming scenes and background material in this area, for use in a television documentary series about border security and the Canada Border Services Agency. You will not be identifiable in the series without your permission. If you are in the background while others are being filmed,

or if you do not agree to be identifiable in the series, your image will be altered so you are not recognizable. If you see the crew filming in your area and do not wish to be filmed, please notify a crew member and we will accommodate you. If you don't see a camera crew, no filming is taking place."

Previously these posted signs told travelers that:

"Your entrance into this area will serve as your voluntary agreement to include your appearance, image and likeness on screen as part of the "Border Security" television series (including in advertisements for the series), worldwide, in perpetuity, in all and any media now known or hereafter devised."

By exercising my choice to lawfully and freely enter and leave Canada by land, air and sea, I must interact with the Canada Border Services Agency, and I must present myself at designated border crossings.

My presence at these border crossings absolutely does not mean that I consent to being filmed for any purpose related to making a television series. It is an infringement of my privacy rights for the government or its partners to film me and to use or disclose my image or any information about me for purposes of entertainment or "public information", or to make any kind of television show or other broadcast. Even if my identity is not publicly disclosed, it is a breach of my privacy rights for my image and personal information to be collected for this purpose.

In addition, while at a border crossing, I should not be required to notify a member of a private film crew in order to withhold my consent to being filmed. Having an opt-out procedure for giving consent is a violation of my privacy rights, including my right not to be filmed and have my image, likeness, or any information about me collected, used or disclosed for the purposes of entertainment or "public information", or to make any kind of television show or other broadcast.

This revocation of consent supersedes any releases, consents, oral or written, that previously has been or might in the future be obtained from me while I am at a border crossing and/or under the control of CBSA, RCMP or other law enforcement. This revocation is to be interpreted in the broadest terms possible.

YES NO [please circle one] I would like the addressed parties to respond back to me in writing at the address provided to confirm that you will not be collecting, using or disclosing my personal information, data or images in any format for any purpose connected with the filming, making or broadcast of a television series in any and all markets, as stipulated above.

By completing this form, you consent to the BCCLA forwarding the information that you have completed in this form to the recipient agencies named on page 1.
